

EURO HEAT PIPES (EHP)

Rue de l'Industrie 24 | 1400 Nivelles | BELGIUM
T. +32 (0)67 88 94 84 | F. +32 (0)67 88 94 99
info@ehp.be | www.ehp.be

Euro Heat Pipes (EHP) develops, produces and sells Two-Phase Heat Transfer Systems (Heat pipes, Loop heat pipes and Thermal Bus including deployment systems) that, thanks to their exceptional thermal performances, are enabling the development of more powerful, more reliable equipment / instruments.

From Space to Earth

Created in 2001, EHP know-how is based on more than 35 years of Space heritage. Developed for Space, now available on Earth, this 100% European technology is leading the European cooling market for Space applications and is strongly developing on Aeronautical, Defense and Terrestrial markets. EHP proposes its two-phase cooling devices that will enable equipment manufacturers to increase their equipment reliability with the management of high power densities, low temperature excursion, compact / miniaturized packaging and remote cold sources.

Full in-house capabilities

Based on a highly qualified staff of 55 people, Euro Heat Pipes, an EN9100:2009 certified Company offers full in-house capabilities (5,000+ m² of facilities) including ISO 8 to ISO 5 clean rooms, small to large vacuum chambers and mechanical tests rigs to be used for small to large production projects focused on: Design and simulation capabilities, Industrial manufacturing, Quality control and Qualification and acceptance tests.

Main customers (Telecom or Institutional markets)

Main customers are ESA, CNES, AIRBUS DS, Thales Alenia Space, Tesat, IAI, OHB... for Space markets.
